Educational Visits Policy

RATIONALE

Safely managed educational visits with a clear purpose are an indispensable part of a broad and balanced curriculum and a vibrant part of South Otterington Church of England Primary School as a successful school. They are an opportunity to extend pupils' learning and enrich their appreciation and understanding of themselves, others and the world around them. They can be the catalyst for improved academic performance, a lifetime interest or in some cases professional fulfilment. They are to be encouraged.

PURPOSE

1. To ensure that every pupil has the opportunity to benefit from education visits.
2. To ensure all visits are safe, purposeful and appropriate to meet educational needs of pupils taking part.
3. To enable the school to identify appropriate functions, responsibilities, training, support and monitoring for all Governors, Heads, staff, helpers, pupils and providers involved in education visits.
4. To comply with LA 'Handbook for Educational Off-Site Visits and all Adventurous Activities' and keep up to date with further advice.
5. To ensure where appropriate further advice is sought from LA and other technically competent personnel.

BROAD GUIDELINES

Key Point - These guidelines can be captured simply in four words:

PLAN - DO - REVIEW - RECORD

APPROVAL

- All visits are linked to the school aims and where possible planned and approved well in advance in accordance with visits planning procedures.
- The Chair of Governors will be informed of all visits but delegate approval of low risk and routine visits and occasional opportunities to the Headteacher.
- After Headteacher's approval all higher risk visits including adventurous activities, residential experience and foreign travel will be submitted for Governors' approval.
- Where appropriate LA approval and further technical advice will be sought.
- A named Educational Visits Coordinator will be appointed.

- The Group Leader will ensure sufficient staff and helpers of the right experience are checked (CRB if appropriate) and briefed throughout the visit.
- The Group Leader will ensure risk assessment and management including generic, site specific and ongoing are undertaken and recorded.
- The Group Leader will ensure Best Value principles are used when selecting providers, appropriate checks are made, insurance and financial support procedures are followed.
- Group Leaders will ensure a named person, emergency procedures and systems for recording and sharing information on accidents and near misses are in place before briefing pupils and parents.
- Group Leaders will, where possible, undertake exploratory visits or seek references from other schools if using new venues.
- All details of the visit are logged on Evolve by an administrator and approved by the EVC.

PARENTS

- Within school prospectus parents will be given details about Education Visits practice safety procedures etc.
- Parents will be given sufficient written and other information about all visits to make informed decisions and give written consent, medical and contact details.
- Where appropriate for high risk, residential and foreign visits meetings with parents will be arranged.
- Expectations of behaviour and codes of conduct will be explained to parents. This will include the need to meet the cost and make arrangements for collecting children in certain circumstances.

PUPILS

- Pupils should be briefed about aims, expectations and codes of conduct for all visits. Ongoing briefings are an important part of learning and safety.
- Where possible pupils should be involved with planning, developing codes of conduct, assessing/managing risk and evaluating their own attitude, behaviour, development and learning.

CONCLUSION

Although part of health and safety policy, educational visits are an integral part of the curriculum plan and strategies for learning. It should be closely linked to equal opportunities, special needs, policies for inclusion and staff development.

We highly value the experiences gained by children on residential visits. We recognise that both teaching and non-teaching staff give up their personal time to facilitate these. Therefore, staff are given a day in lieu for each 2.5 continuous days of residential visit undertaken.
