8 May 2017

Dear Kate

Thank you so much for your hospitality during my visit to your school on 25 April 2017. It was great to meet the children and staff at the school and see so much fabulous work.

I was particularly impressed by the learning environment which demonstrated a high quality, broad, balanced, relevant and engaging curriculum. The whole ethos of the school was superb and justifiably recognised by external inspectors. The relationships that I saw across the school were exemplary and I could see a great deal of commitment and hard work from your talented staff team. I was delighted to see the high quality English, maths and science but equally delighted to see the context and emphasis on enrichment, special days, Eco schools, PSHCE, Music, art, performing arts and of course PE.

Without a shadow of a doubt my visit to your school was a real highlight for me, it is a precious learning community that is clearly valued and cared for by your children and the school team as a whole.

Thank you again and very best wishes for the future.

Yours sincerely

Paul Brennan
